As Acting President of World Masters Athletics, it is my genuine privilege to thank you for a superb World Championships in Masters Athletics. The level of organization provided by the Local Committee was the best I have seen in the 11 World Championships I have attended. The response to concerns has been immediate, and the cooperation unsurpassed. The friendliness of the staff has made our experience in Lahti one we will cherish for a lifetime.

Lahti may take great pride in a job well done.

Sincerely Yours,
